Dear Madame/Sir:

Re: 4705Q – Supply and Delivery of 1 (one) 22 Passenger Bus – Addendum One

This Addendum includes items of clarification; forms part of the Contract Documents and shall be read, interpreted and coordinated with all other parts. Please review and consider the following information in the preparation of your Tender:

Q1 On page 30, “Part C – Requirements”, B19 – Rear Storage Rack
Can you provide more information in regards to the storage area and shelving?

A1.

- The rear storage area of the bus should not be accessible from inside the bus.
- The storage area should be self contained with access via a rear door.
- The storage area does not require any windows.
- The shelving shall be configured to allow for 3 (three) shelves in the rear, 1 (one) shelf on 1 (one) side should be about half way between the floor and the ceiling to allow for storage of walkers and larger items. On the other side it should consist of 2 (two) shelves that would allow for smaller bags and items to be stored. Shelf spacing to be confirmed once tender is awarded.
- Shelves should also include a guard net to prevent items from slipping off the shelves during transport.

Q2. On page 28 and 31, “Part C – Requirements”, B12 – Rear Exit Door and B20 – Rear Partition
Please provide some clarification on the need of a specified rear emergency exit when a rear partition is in place restricting access to it?

A2. A rear door with access to the storage area is required. In case of an emergency, Fire Rescue crews could cut the partition to gain access to the interior of the bus.

Q3. On page 31, 32 and 33, “Part C – Requirements”, C1 – Diesel Engine, C4 – Fuel System and C6 – Fuel Systems
In C1 and C4, it states a diesel engine is requested, but in C6, it states a gasoline engine is required. Please confirm the engine requirement.

A3. REMOVE:

Section: C6.Fuel System

The Fuel system must be electronically fuel injected. (Gasoline Engine)

Q4. On page 30, "Part C – Requirements", B19. - Rear Storage Rack
Do you require a lock on the rear door and the racks or just the rear door?

A4.

The rear door is required to have a lock. A lock on the racks is optional.

Please acknowledge receipt of this addendum by submitting a signed copy with your response.
