STATE DETAILS

Replace: The City of Richmond requires a 15' (fifteen) foot in length, 10.5 (ten point five) yard capacity, stainless steel slip-in sander with 3/8" (three eighth) inches conveyor bars, rear tie bar system, top screens, "V" style deflector in hopper, sander valve, front springs loaded belt tensioners and rear bumper welded on to insert.

STATE DETAILS

Questions and Answers:

Q1. Part C – Requirements, E6. GPS

Can you advise what type of GPS system you require?

A1. We require a navigation type system that has road maps and gives you direction

Q2. Part C – Requirements, C5. Central Sensor Plug

What is a sensor plug ? Do you mean a speed sensor for the sander operation?

A2. We require 1 (one) main plug for the sander insert. The main plug will be used for lights and speed sensors.
