

Candidate for Councillor

Chak AU

RICHMOND COMMUNITY COALITION

I came from Hong Kong in 1988 and have been the leading therapist on the Family and Child Counseling Team for Vancouver Coastal Health in Richmond for over 20 years.

As a strong advocate for mental health services, multicultural harmony, and environmental sustainability, I have co-founded several non-profit organizations, including the Community Mental Wellness Association of Canada, Inter-faith for World Peace Society, and the Richmond GreenSpace Society.

I was elected a School Trustee from 1999 to 2011, and have just completed my first term on City Council.

I believe in open and transparent government. I am committed to bring people's voices to Council and have been recognized that I always speak in the best interests of the community.

I believe we should have a vibrant, business-oriented city centre, and strong neighborhoods built around parks and community facilities. I will continue to advocate for affordable housing and programs for young families.
