

Candidate for Councillor

Michael WOLFE

RITE RICHMOND

A lifelong Richmond citizen, Michael Wolfe has engaged in Richmond council meetings for years, urging council toward respect for neighbourhoods and nature. This year, *Richmond Review* readers voted him “Best Person You Would Like to See in Office.”

Michael teaches at McNair Secondary. He also serves on the Richmond Health Advisory Committee and the boards of the Richmond Nature Park Society and Garden City Conservation Society. As a biologist, he leads free eco-tours of the Garden City Lands, which he fought to save.

If elected, Michael will be a voice for those who feel voiceless—for the good of the whole community. His balanced approach will champion our neighbourhoods that make Richmond special while holding senior staff, big rezoner-developers and the mayor to account.

Michael Wolfe, who listens and empowers by nature, would be honoured to represent you as a councillor. Through him, you can have a vote on issues.
