Richmond School District Diversity?

- Cultural Diversity, Family Diversity, Knowledge Diversity, School Diversity, City Diversity

4 goals for Aboriginal Success

- **Goal #1**

- Richmond's students with Aboriginal ancestry will work toward a strong sense of belonging through pride in their cultural heritage. Students will be honoured for their stories, celebrated for their individual strengths, and supported throughout their learning journey.

- **Goal #2**

- The community of learners and educators in the Richmond School District will engage in the meaningful process of reconciliation through education by developing an understanding and respect for the histories, cultures, and worldviews of Aboriginal communities, beginning with the First Peoples of this place.

Goals continued

- **Goal #3**

- All students in Richmond will gain an understanding of self, community, land, spirits, and ancestors through education that honours the First Peoples Principles of learning.

- **Goal #4**

- Improved holistic (emotional, intellectual, physical, spiritual) wellness and achievement of students with Aboriginal ancestry through the development of student success plans that begin at school entry, and are guided by the journey of the individual student, with intentional focus during key transition periods.

- We all see diversity differently, but we need to see the diversity in every situation in a similar way to make real change.
