

Kento Otobe

How long have you been volunteering in total?

10+ years

Why do you volunteer?

To explore my interest and hobbies, give back to the community and learn about local history and cultural diversity.

What are your top 2 volunteering experiences in Richmond?

I had fun as a Heritage Ambassador at Britannia Shipyards.

How has volunteering connected you with people from diverse backgrounds and life experiences, and expanded your views?

I've learned a lot about different cultures and histories from just this past year. Despite considering myself well knowledgeable about these things, everything felt different when the experience came from someone sitting in front of me.

THANK YOU VOLUNTEERS!
