Thompson Early Learning **ROMPERS PRESCHOOL**

2025-2026 SCHOOL YEAR

PHILOSOPHY

At Thompson Early Learning we believe each child is a unique individual who learns at their own pace through play, hands-on exploration and social interaction.

It is our goal to provide a safe, nurturing and stimulating environment which promotes the healthy development of the whole child in all areas, including social, emotional, cognitive, language and physical development.

Thompson Early Learning is an inclusive centre striving to support the diverse needs of all children in our community.

PROGRAM INFORMATION

Our licensed programs are play-based and child-centered. The Early Childhood Educators are responsive to children's play and co-create a learning environment with the children that builds on their curiosity and interests. Topics of interest are often explored with the children in groups in order to foster an inviting, engaging, and collaborative social setting, and to create meaningful developmentally appropriate learning experiences. The depth and length of learning are determined by the children's sustained interests. Focus is placed on the process of experiences as well as fostering healthy social-emotional development, rather than an academic curriculum. It is our goal to provide a safe, nurturing and stimulating environment which promotes exploration and the healthy development of the whole child in all areas, including social/emotional, cognitive, physical and language development.

A daily routine is followed as a guideline to allow the child to develop a sense of safety and trust, and to be clear on what is expected if the child. Activities in the routine include: a large emphasis on daily outdoor play (with gardening in the spring), open ended art, group time, science experiments, music and movement, sensory activities and nutrition breaks.

Rompers Preschool has been approved for the provincial Child Care Fee Reduction Initiative (CCFRI). Child care fees listed above will be reduced up to \$95/month. A monthly fee schedule with applied CCFRI rates will be provided upon registration.

The preschool year runs from September 2025 to June 2026, with the exception of statutory holidays, public school breaks and two professional development days.

Eligibility: Children must turn 3 by December 31st, 2025.

In addition to a school year program, Rompers Preschool offers licensed preschool camps during spring break and summer break. Visit www.thompsonearlylearning.com for information.
