Attention: All Tenderers

Dear Madame/Sir:

**Re: Addendum Two
Request for Tender T.4576 - No. 1 Road and Moncton Street Intersection and Surrounding
Pedestrian Crosswalk Improvements**

This Addendum includes items of clarification, forms part of the Contract Documents and shall be read, interpreted and coordinated with all other parts. Please review and consider the following information in the preparation of your Tenders:

I. Questions and Answers

Q.1. I had a question regarding the restoration - are we responsible for all the concrete sidewalk panels we will have to remove and replace to facilitate the conduit installations for the electrical component?

The panel count is quite high and just wondering if it has been accounted for and if we are to include it.

A.1 Sidewalk removal for electrical work outside of the limits shown on drawing OC-1051 is to be included in Pay Item A-14 Civil Works for Signalization. Sidewalk restoration will be paid under Pay Items A-10 Concrete Sidewalk – 100mm thick, A-11 Concrete Curb & Gutter – Barrier Type, A-12 19mm Minus Crushed Granular Base, and A-13 75mm Minus Crushed Granular Subbase as approved in the field by the Contract Administrator.

Yours truly,

Kerry Lynne Gillis
Buyer II
