This addendum forms part of the Contract Documents and shall be read, interpreted and coordinated with all other parts. The costs of all work contained herein shall be included in the Contract Price. The following revisions supersede the information contained in the original Contract Document to the extent referenced and shall become part thereof.

I. Responses to the tenderer's questions:

Question No.1 SSP1 states that locations of work under this contract are given in Clause 1.1 of the Instruction to Tenderers Part I, however there aren't any streets listed, are the locations available?

City's response No. Proposed work location(s) may be situated in any part of the City of Richmond.

Question No.2 If the locations are not available will there be a mobilization item? Or how are we to handle the mobs?

City's response Tendered unit rates are to reflect all associated costs with respect to providing a complete service per location including the necessary post project completion clean up etc.

End of Addendum Three
