No. 3 Road Art Columns

View the artworks until July 30

Commuters riding the Canada Line have something new to discover on their journey. A vibrant art exhibition has arrived at Aberdeen Station and Lansdowne Station, transforming everyday travel into a cultural experience.

Featuring works by Richmond artists Juliana Loh, Adrienne Moore and Quinton Qiu, the exhibition brings Steveston's rich heritage, Richmond's iconic landmarks and the city's diverse wildlife to life. Installed in striking, backlit display cases at the base of three concrete support columns, the artworks invite passersby to pause, look closer and connect with the stories that shape our community.

Next time you ride, take a moment to explore — you might just see Richmond in a whole new light.
