

# Megan Chan

## How long have you been volunteering in total?

I have volunteered in different camps and programs since the summer of 2021—around 2 years.

## Why do you volunteer?

Volunteering allows me to experience something different. It lets me use my skills and knowledge to help create a better community. In addition, it provides many new learning opportunities, as every experience is completely different.

## What are your top 2 volunteering experiences in Richmond?

Volunteering for Richmond Aquatics and the Richmond International Program (SD38) have been the highlights of all my volunteering experiences.

## How has volunteering connected you with people from diverse backgrounds and life experiences, and expanded your views?

Through volunteering, I've met many different people. This would have never happened if I did not volunteer with the various programs and opportunities I have been introduced to. All these distinct experiences have made me realize that there are several ways that one can help with their community by making a place where everyone can enjoy themselves and those around them.
